

Physiology Submission Check List

Corresponding Author _____

Manuscript Title _____

Authors: Provide contact information for all authors, including phone & fax numbers, and email addresses. If we are unable to reach you in a timely manner during the review and production processes, please indicate which author(s) should be contacted for any editorial questions, and which author(s) can answer technical art work questions.

Copies (original + 2 copies) _____

Manuscript on Disk/CD _____

Mandatory Submission Form _____

Table of Contents Summary
(15-20 words) _____

Abstract (~50 words) _____

Preliminary Figures _____
(Art studio will contact you once we have received your manuscript to work with you on the final construction of your figures.)

Figure Permissions _____
(Statement of figure originality or permission from author(s) and publisher(s) if previously published.)

Suggested Reviewers: *Please include a list of suggested reviewers with complete contact information. If there is anyone you prefer we not contact as a reviewer, please indicate this as well.*

General Guidelines:

- **REVIEW MANUSCRIPTS:** ~3,500 words
POINT/COUNTERPOINT, EMERGING TOPICS/TECHNOLOGIES MANUSCRIPTS: ~2,500 words
Word counts do not include abstract, references and figure legends
- Title: 10 words or less
- References: APS-style and cited numerically in text
(See Instructions for Authors)
- Figures and Tables: 4 Maximum for **Review** and **Point/Counterpoint** Manuscripts.
Emerging articles may rely more heavily on graphics to tell the story.

Submit your manuscript and figures (in word & pdf) electronically to Charleen.bertolini@yale.edu. Please remember to include the names of suggested reviewers. Once the paper has been reviewed and any suggested revisions made, **all final submissions (3 paper copies plus the manuscript & figures on CD or disk) should be sent to:**

Walter F. Boron M.D., Ph.D.
c/o Charleen Bertolini
Yale University School of Medicine
333 Cedar Street, SHM, B-147
P.O. Box 208026
New Haven, CT 06520-8026
